Hello, my name is Reza Fahmi Pahlevi. I am a graduate of Informatics Engineering from Universitas Muhammadiyah Purwokerto (GPA 3.64) and currently interning as a QA Engineer at PT Hama Smart Solution.

I am currently taking a QA Bootcamp at [Dibimbing.id](https://dibimbing.id), where I am learning automation testing using Selenium, Rest Assured, and Appium, as well as CI/CD integration. I am passionate about delivering quality software through structured automation.
